

Jøtul F 600 Firelight CB

Non-Catalytic Woodstove

This extra large woodstove has long been one of our signature stoves defining our design prowess. The Jøtul F 600 Firelight CB woodstove is now even more user friendly with the addition of our patented spring-loaded side door latch system. Durably built and superbly crafted, the Jøtul F 600 Firelight CB offers both front and right side-loading convenience in a classic design inspired by colonial American furniture. This is a complete home heating system with unparalleled design. The Jøtul F 600 Firelight CB is the largest non-catalytic cast iron woodstove in the world. Popular options include: screen for open door fire viewing, outside air adapter, rear heat shield, leg leveler kit, blower kit and a choice of four enamel colors or Classic Matte Black Paint.
